Let's continue exploring the *ar* spelling pattern with some 2-syllable words. Can you spot the /ar/ sound in each example? Click the speaker at the start of some words to listen for the /ar/ vowel sound as you read along.

In English, *ar* often appears in the middle of a word, like in *garden*, *carpet*, and *harvest*, though it can appear elsewhere, too. As you go through each word, pay attention to where the /ar/ sound falls, and try out different spelling activities and games.
